

Item No. 215228
Vehicle Mount Adapter, Angled

This Extension Plate has pre-drilled holes for the ProClip and AMPS standard.

Installation Instruction

Overview Picture

Please read all of the instructions and look at the pictures before attaching the ProClip.

ProClip USA may not be held liable for any damage to a vehicle before, during or after the installation or removal of this Extension Plate.

ProClip USA may not be held liable for any personal injury resulting from accident or improper use or installation.

The ProClip Ext. Plate in the installation pictures may look slightly different from the one you have received. However, the same instructions apply.

Note: The Vehicle Mount Adapter can be attached to any horizontal mounting bracket or horizontal flat surface with the applicable screws enclosed - self-tapping screws if the mount has small holes or machine screws with nuts if the mount has large holes.

1. Attaching the Vehicle Mount Adapter directly onto a ProClip Vehicle Mount:

Place the Vehicle Mount Adapter over the matching holes in the Vehicle Mount and attach it with the 4 applicable screws.

2. Attaching the Vehicle Mount Adapter directly onto a ProClip Vehicle Mount with a Tilt Swivel:

Attach the Tilt Swivel Mount to the ProClip Vehicle Mount. The Tilt Swivel Mount allows for better adjustment and viewing.

3. Place the Vehicle Mount Adapter over the matching holes in the Tilt Swivel Mount and attach it with the 4 applicable screws.

4. Attach your holder to the Vehicle Mount Adapter and adjust the angling if you use the Tilt swivel Mount.
