Nokia CK-15W Bluetooth Display

Installation Instruction

Overview Picture

Please read all of the instructions and look at the pictures before attaching the ProClip.

ProClip USA may not be held liable for any damage to a vehicle before, during or after the installation or removal of this Holder.

ProClip USA may not be held liable for any personal injury resulting from accident or improper use or installation.

The ProClip Holder in the installation pictures may look slightly different from the one you have received. However, the same instructions apply.

Note: The holder can be attached to any mounting bracket or flat surface with the applicable screws enclosed - self-tapping screws if the mount has small holes or machine screws with nuts if the mount has large holes.

1.
Feed your cable through the Mounting Adapter and attach it to your device.

2.
Place the Mounting Adapter plate over the matching holes in your mounting bracket (demo ProClip mount shown in picture) Attach the plate by using the applicable screws enclosed – self-tapping screws if the mount has small holes or machine screws with nuts if the mount has large holes.

3.
Attach the display onto the Mounting Adapter using the enclosed screws, and then press the rubber covers into place over the screws.

4.
The display is now in place.
