## Overview Picture

**Note:** The adhesive tape referred to below does not leave any marks or damage the dashboard, and it is easy to remove.

1.  
Peel off the cover of adhesive tape on the ProClip. Place it in your hand so the ProClip label (sticker) is in an upright position, or if vertically positioned; the P in the beginning of ProClip is at the top.  
Hook the angled edge on the right side of the ProClip under the console post.

2.  
Press the ProClip leftwards so the angled edge on the left side of the ProClip snaps over the console post.

3.  
The ProClip is now in place as shown here and in the overview picture above.
